RE: 2009 State Soils CDE

The state event rotates throughout the state to take advantage of the different soil types. This is truly an education event where students learn hands-on skills and applications to real world situations. Instruction in the area of soils impacts every aspect of agriculture, homeowners and conservation. The practices taught are designed to be carried on as our students enter the world of work and become good consumers and stewards of our land. Below you will find some information that will help you.

- You are encouraged to join us for lunch on Saturday at 12:00 noon.
- Registration will begin at 12:00 noon on Saturday, November 14th with instructions given to contestants at 12:45 PM.
